

RECOMMENDED FULL R.O.W. WIDTH	
KV RATING	WIDTH (Ft)
13	30'
69	50'

Notes:

1. Danger trees shall be removed or topped.
2. Portions of the right of way may be cleared so that stumps will not prevent the passage of tractors or trucks.
3. Stumps shall be cut to a maximum height of 6", and treated with appropriate chemical to prevent sprouting.
