

Step-by-Step Guide & Schedule for Random Selection Process

Step 1	Applicant submits Capacity Reservation Request Form to LPC	Through February 17
Step 2	LPC submits Capacity Reservation Request Form to TVA	January 15 – February 17
Step 3	LPC returns Capacity Reservation Request Form to customer with unique position number	January 15 – February 17
Step 4	TVA will determine whether the capacity pools are oversubscribed (Random Selection Process) or undersubscribed (extend the Request period and begin to review and approve requests submitted). If oversubscribed, a random selection of Requests will be employed (will randomly select 4 MWs of Residential and 6 MWs of Non-Residential plus 30% waitlist for each pool). Random Selection results provided to LPCs.	February 17 - 21
Step 5	Random selection results posted on web	February 24
Step 6	Last day for applicants to submit an interconnection application (IA) and Participation Agreement (PA) to LPC (within 10 business days of web posting)	March 10
Step 7	Last day for LPCs to sign and submit a PA to TVA (within 60 business days of receiving an IA and PA from applicant)	June 3
